The Limited
Warranty

A. INTRODUCTION

1. This book explains what this **Limited Warranty** on your **Home** covers, what it does not cover, how it works, and other details, conditions and limitations that apply. Some of the important terms contained in this **Limited Warranty** are defined in Section V. When reading this **Limited Warranty**, you will recognize the terms that are defined, because these words are in plain bold print, like this. Read this document in its entirety, including its definitions, to understand the protection it provides, the exclusions that apply, your responsibilities, how the **Warranty** is interpreted, and how it operates. If you have questions, you may call RWC at (717) 561-4480.
2. This **Limited Warranty** will automatically transfer to a new **Owner** if you sell your **Home** during the ten (10) year term of the **Limited Warranty**.

B. WHAT YOUR LIMITED WARRANTY COVERS

1. Beginning on the **Effective Date of Warranty**, your **Home** is warranted as follows:
 - a. **During Year One:** Your **Builder** warrants that, for a period of one (1) year, your **Home** will be free from **Defects** caused by faulty workmanship and defective materials due to noncompliance with building standards as described in the **Warranty Standards** of Year One in Section II.
 - b. **During Years One and Two:** Your **Builder** warrants that for a period of two (2) years, your **Home** will be free from **Defects** caused by faulty installation of **Plumbing, Electrical, Heating, and Cooling Systems** as described in Section II.
 - c. **During Years One through Ten: Major Construction Defects (MCDs)** are warranted for ten (10) years from the **Effective Date of Warranty**. The **Insurer** is the **Warrantor** for **Major Construction Defects**.

C. RESPONSIBILITIES, LIMITATIONS, AND CONDITIONS

1. You are responsible for regular maintenance of your **Home** and surrounding areas. General and preventative maintenance is required to prolong your **Home's** life.
2. You must establish a written, final walk-through inspection list of items in need of service prior to occupancy or closing, whichever is first. This list must be signed and dated by you and your **Builder**. Keep a copy for your records.

3. *There are no warranties that extend beyond the description contained in this Limited Warranty. To the extent permitted by law, all such other warranties, expressed or implied, including, but not limited to, implied warranties of fitness, merchantability, good workmanship and habitability are hereby waived.*
4. You must obtain written authorization from the **Administrator** prior to incurring expenses. Costs incurred for unauthorized repairs to **Warranted Items** are not reimbursable.
5. It is anticipated that your **Builder** will assign to you all manufacturers' warranties on products included in the Final Sales Price of your **Home**. Neither the **Insurer** nor the **Administrator** will be liable for your **Builder's** failure to do so. **Appliances** and similar products and **Equipment** are not covered by this **Limited Warranty**.
6. The **Warrantor** will repair, replace, or pay the reasonable cost of repair or replacement of **Defects**. In the case of a warranted **MCD**, the **Warrantor's** obligation is limited to actions necessary to restore the **MCD** to its loadbearing capacity. The aggregate cost to the **Warrantor** under this **Limited Warranty** shall not exceed the Final Sales Price of the **Home** as listed on the **Application For Warranty** form or as otherwise provided to the **Administrator** by the **Builder** at the time the **Limited Warranty** is validated. The **Warrantor** in all cases shall choose whether to repair, replace, or make payment.
7. Actions taken to cure **Defects** will **NOT** extend the periods of coverage provided in this **Limited Warranty**.
8. If your **Builder** fails to complete any part of the **Home** that is reasonably foreseeable to cause damage to the **Home**, then it is your responsibility to complete such parts of the **Home** to avoid the damage. If you fail to complete the work, then any resulting damage is not covered under this **Limited Warranty**. The warranty period for any item completed after the **Effective Date of Warranty** shall be deemed to have commenced on the **Effective Date of Warranty**.
9. The **Warrantor** is not responsible for matching color, texture, or finish where materials must be replaced or repaired.

Warranty

	3.8 Separation between door and weather-stripping.	Builder will correct if daylight is visible or if entrance of elements occurs under normal conditions.	Even with properly installed weather stripping, some movement of the door, when closed, may be expected. Owner maintenance is required for minor alterations to adjustable thresholds and other parts of the door.

If final grading was performed by Builder, he will replace fill in excessively settled areas only once.	If settlement does not exceed 6 in., it is Owner's responsibility to fill affected areas. The party responsible for establishing the final grade shall provide for positive drainage away from foundation. Owner is responsible for establishing and maintaining adequate ground cover.

 - c. If a request for warranty performance to your **Builder** does not result in satisfactory action, you must give written notice to the **Administrator** as provided in Subsection B below. Such notice to the **Administrator** must be postmarked within a reasonable time following your **Builder's** failure to take satisfactory action and in any event must be received no later than six (6) months after the expiration of the applicable coverage period or the request will be rejected as untimely made.

2. If the **Administrator** determines that an **Unresolved Warranty Issue** exists, either you or the **Warrantor** may request arbitration. Arbitration is the sole recourse for an **Unresolved Warranty Issue**. It is in lieu of court proceedings, the right to which is hereby waived, and the findings of the **Arbitrator** are *final and binding* on all parties with no right to an appeal.
3. To begin the arbitration process, you must give the **Administrator** written notice requesting arbitration of the **Unresolved Warranty Issue**. If the **Unresolved Warranty Issue** to be arbitrated concerns a **Defect** related to a warranted **MCD** that occurred in years nine or ten of the **Limited Warranty**, the written notice requesting arbitration must be made within two years after you knew or should have known of the **Defect**, but in no event may a request for arbitration proceed more than 12 years after the **Effective Date of Warranty**. In such circumstances, the **Warrantor** will complete such repairs or replacement as soon as possible without incurring overtime or weekend expenses.
- c. You may request a compliance arbitration within twenty (20) days after the sixty-day compliance period has expired by giving the **Administrator** written notice of your request. You must pay the fees for the compliance arbitration prior to the matter being submitted to the arbitration service.
- d. You must provide the **Warrantor** with reasonable weekday access to your **Home** during normal business hours so that it can perform its obligations. You must execute and deliver any and all instruments and papers and take any and all other actions necessary to secure such right, including, but not limited to, assigning the proceeds of any insurance or warranties to the **Warrantor**.
